

FILM AND PHOTO STUDIO · ŁÓDŹ AND WARSAW

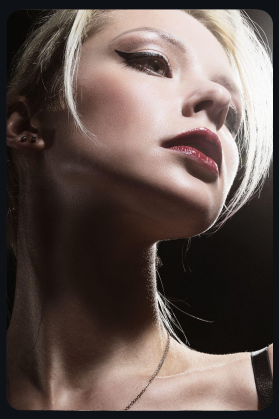

Your face.
Your story.
Cinematic quality.

Invest in yourself and your beauty.

Film and photo shoots for influencers. We build cinematic content for social media, reach and promotion of you as a brand: lingerie, beauty and fashion shoots, reels, campaigns, LIVE and music videos.

A phone was enough to get started. For *recognition* you need a plan, light and people.

Hollyfuns Studio is a film crew, photographers, make-up artists and editors under one roof. We create content for women building a career in modelling, film and social media, and for lingerie and cosmetics brands.

We work in Łódź at Gdańska 17 and in Warsaw at Twarda 44. We guarantee full comfort and discretion on set: a private dressing room, a closed set and material that never leaves the studio without your consent.

We work with professional film and lighting equipment, and our crew is made up of film school graduates. We speak your language: hook, trend, reach. You get assets that are ready to publish.
